New High Performing School Options in *Your* Neighborhood

Denver Public Schools is hosting several community meetings to discuss the new, high performing school options coming to the district. These new schools will co-exist in district school buildings where there is ample room for two schools to share space. Empty seats in DPS buildings currently consume limited money and resources. The district will begin to use empty space more efficiently to provide more meaningful choices for parents and students.

.....

Please join district staff on the following dates to learn more about the possibility of creating a Shared Campus in your facility.

John F. Kennedy High School
November 5th, 6:30 p.m.

To learn more about process and timeline for Board of Education consideration

John F. Kennedy High School
November 13th, 6:30 p.m.

To review staff recommendations to the Board of Education on the potential new school sharing the John F. Kennedy Campus.
